Digital Watchdog® Launches Blackjack® CX™ Embedded NVRs

The standalone NVR, with 16-channel PoE built-in and expandable to 24 channels, brings the power of DW Spectrum IPVMS to independent installations and SMB.

DW® Blackjack Cx™ Standalone PoE Built-in NVR.

Cerritos, CA (February 20, 2023) – [Digital Watchdog® \(DW\)](#), the industry leader in digital recorders, surveillance cameras, system peripherals and related management software, announces the launch of the new Blackjack CX NVR. The PoE NVR comes preloaded DW Spectrum IPVMS, the industry's leader in secure and user-friendly complete solutions, and four complimentary recording licenses. The NVR has wall mount and rack mount accessories available separately, giving users a flexible easy-to-install solution with no external switch required.

The Blackjack CX is a sophisticated yet easy-to-use and cost-effective recording solution, eliminating the need for complicated power and wiring installation. The NVR is an NDAA and TAA-compliant plug-and-play embedded NVR, powered by DW Spectrum IPVMS with up to 15W simultaneous local PoE power, giving customers significant versatility on camera choices, with real-time 30fps live and recorded video capabilities. Eight additional ports are supported when you add an external switch. The NVR comes with alarm inputs and outputs, microphone/audio input and output, an Intel® quad-core processor, 8GB

memory and local display output up to 4K. The Blackjack CX is available with up to 40TB of internal storage and a 5-year limited warranty.

“DW customers love our embedded recording solutions and they love DW Spectrum IPVMS,” said Mark Espenschied, Director of Marketing, DW. “The introduction of a robust PoE NVR powered by DW Spectrum checks all the boxes, and then some. It’s just right for small to medium-sized installations where enterprise features and performance are desired.”

Product Features:

- Supports all ONVIF conformant IP cameras
- Storage options 8-40TB internal storage
- Record and manage up to 24 IP cameras with local 16 PoE/PoE+ support
- OS RAID1
- Intel Celeron quad-core processor
- 1x True HD, 1x DVI, one display output at a time
- Dual network ports
- Four (4) alarm inputs, two (2) alarm outputs
- 1x audio input, 1x audio output, 1x microphone input
- One-time recording license charge, fully transferable between cameras and encoders
- One (1) 4-channel license included (DW-SPECTRUMLSC004).
- No annual maintenance fees
- Simple enterprise scalability and auto device discovery
- Dual stream recording
- Wall mount and rack mount ears available. Sold separately
- USB mouse and keyboard included
- Designed, assembled and tested in the U.S.A.
- NDAA/TAA compliant

- 5 Years limited warranty
